

Metal Detectorists Get Together

*** Note: CHANGE OF VENUE ***

The **Keystone Detectorists Club** (KDC) invites you.
Mark your calendars! Open to all. Let's meet and greet!

October 25, 2025. Saturday afternoon at 1:00 to 4:30PM.

Location: **Scandinavian Cultural Centre.** 764 Erin Street, WPG.

Lots of street parking as well as a huge parking lot: North side of the building.

Guest Speaker: Eileen from the Manitoba Coin Club. Coin appraisals and identification provided. Also present will be Robin Paul Pare of **O.K. John Metal Detectors** to assist you with all of your metal detecting needs and supplies.

<https://okjohnmetaldetectors.com/about/>

Hi. My name is Roger Fontaine. I've been an active detectorist for 7 years. In this time, with the help of other dedicated detectorists, we've put together the **Keystone Detectorists Club** (KDC). We want to provide an opportunity for all, detectorists or not, to meet and create new and lasting friendships under the guides of this newly founded metal detecting club.

You're welcome to attend whether you thought of trying metal detecting for a first time or are a well-seasoned veteran of the hobby. Parents bring your kids... Young or old, please do drop in. Let's spend a few hours together in a welcoming and informal setting to talk about this exciting hobby. Let's share ideas, let's ask questions and share information. Anyone up for a group hunt come spring? Or are you ready for the annual seeded hunt at Bird Hill Provincial Park in fall?

I will provide a "Finds" table, along with coffee and refreshments.

Please do contacting me if you're coming so that I can plan for tables and chairs and coffee accordingly. And bring a friend or two along. Bring some of your favorite finds too. It's an open forum open to all. This will be our fourth Get-Together.

Roger Fontaine
